

Student Research Plan

A lightweight scoping doc a student completes (with mentor) when taking on a research question.

Student: __ **Mentor:** __ **Pod:** __ **Date:** __

1. Question & motivation

- Research question:
- Why it matters (health/equity/scientific gap):
- Where it sits on the through-line:

2. Background (3-5 key references)

-

3. Data & methods

- Dataset(s) and access status:
- Analytic approach:
- Equity-stratification plan:

4. Expected products

- (abstract, poster, notebook, manuscript section)

5. Milestones

Milestone	Target date

6. Skills I'll learn

-

7. Risks / unknowns

-
